ANSWER

1. Answer C

Solution

The C part has an error. We need the plural form of a verb to agree with the plural subject ELECTIONS. Replace the singular form verb HAS with the plural form verb HAVE.

2. Answer D

Solution

The D part has an error. We need the second form of a verb, as the sentence talks about an event that happened in the past. Replace "finish" with "finished".

3. Answer E

Solution

The above sentence is free from error.

4. Answer B

Solution

The B part has an error. We always use "not only"...."but also" together. Replace "too" with "also". It is used for emphasizing the fact that there is something more to add.

5. Answer D

Solution

The error in part D of the sentence lies in the phrase "just two month ago." The word "month" should be in its plural form, "months," because the sentence refers to a period of more than one month.

6. Answer B

Solution

The B part has an error. Replace “hence” with “while”. “Hence” is used to mean “for this reason”. “While” is used to express two continuous actions that happen simultaneously.

7. Answer B**Solution**

The B part has an error. The phrase "additionally" is incorrectly used here. It should be "despite" to properly convey the contrast between the AfD's rise and the efforts by establishment parties to isolate it.

8. Answer E**Solution**

The above sentence is free from error.

9. Answer C**Solution**

The C part has an error. Replace “in” with “with”. The preposition "in" suggests a location or a specific context rather than a quantitative measure. "With" is used to denote the amount or percentage associated with something, which fits the context of describing election results.

10. Answer A**Solution**

The A part has an error. Replace “raise” with “rise”. “Raise” means to lift something to a higher position. “Rise” means move from a lower position to a higher one; come or go up.
