**ANSWER****1. Answer****B****Solution**

The B part has an error. We need an adjective to modify the noun “crackdown”. Replace the adverb “subsequently” with the adjective “subsequent”.

**2. Answer****A****Solution**

The A part has an error. We need the past participle form of a verb, as the sentence talks about an event in passive voice. Replace “backing” with “backed”.

**3. Answer****D****Solution**

The D part has an error. In the sentence, “the authorities are yet to release results at individual polling stations,” the phrase “at individual polling stations” is incorrect. It should be replaced with “by individual polling stations” because the results are typically reported or released by the polling stations, not simply located at them. Using “by” correctly indicates the source or means of the results being distributed.

**4. Answer****B****Solution**

The B part has an error. Replace “which” with “who”. “Which” is incorrectly used to refer to Mr. Maduro. “Which” is used for non-human entities, while “who” is used for people. Therefore, it should be replaced with “who” to correctly refer to Mr. Maduro, who is a person.

**5. Answer**

**E**

**Solution**

The above sentence is free from error.

**6. Answer**

**C**

**Solution**

The C part has an error. We need the singular form of a verb to agree with the singular subject "government". Replace "have" with "has".

**7. Answer**

**B**

**Solution**

The B part has an error. Replace the adjective "renewed" with the noun "renewal", as we need a noun to be modified by the definite article "the". The term "renewal" correctly functions as a noun and fits the context of describing an opportunity for the reestablishment or revival of parliamentary oversight.

**8. Answer**

**B**

**Solution**

The B part has an error. We need an adverb to modify the verb "states". Replace the adjective "clear" with the adverb "clearly".

**9. Answer**

**E**

**Solution**

The above sentence is free from error.

**10. Answer**

**A**

**Solution**

The A part has an error. We need the base form of a verb to fit in the infinitive construction “to + base form verb”. Replace “investigated” with “investigate”.
