ANSWER

1. Answer B

Solution Ramp up: To increase or intensify the level of activity, effort, or production. It involves scaling up operations or efforts to achieve greater results.

1. Increase: To make something larger or greater in size, amount, or degree. It refers to growing or expanding something.

2. Boost: To raise or improve something, often by adding to it. It can also mean to enhance or strengthen.

3. Escalate: To become more intense or severe, or to increase rapidly in scale or degree. It involves rising to a higher level of intensity or seriousness.

1. Decrease: To make something smaller or less in size, amount, or degree. It involves a reduction or decline.

2. Answer A

Solution Impairment: A condition of diminished function or capability. It can refer to physical, mental, or functional limitations that affect performance or quality of life.

1. Deterioration: The process of becoming progressively worse or declining in quality or condition. It involves a gradual worsening over time.

2. Disability: A physical or mental condition that limits a person's ability to perform certain activities or functions. It refers to impairment or a reduction in ability.

3. Damage: Harm or injury that reduces the value, function, or appearance of something. It can be physical or non-physical harm that affects something adversely.

1. Improvement: The process of making something better or more effective. It involves a positive change or advancement.

3. Answer C

Solution Reciprocation: The act of giving back or returning a favor, gesture, or benefit. It involves responding to actions or kindnesses with similar actions or benefits.

1. Return: The act of coming back to a previous place, condition, or position. It can also mean giving something back that was previously given or sent.

2. Response: An answer or reaction to something, such as a question, request, or situation. It involves replying or responding to stimuli or actions.

3.Interchange: The act of exchanging or switching things with each other. It can refer to the mutual exchange of items, ideas, or roles.

1.Neglect: The failure to care for or pay attention to something properly. It involves ignoring or not giving adequate attention to something or someone.

4.Answer B

Solution Buoyed: Supported, uplifted, or encouraged, often emotionally or financially. Being buoyed means feeling more optimistic or strengthened by external support.

1.Encouraged: Given support, confidence, or hope to do something. It involves providing motivation or positive reinforcement.

2.Uplifted: Raised in spirit or mood; made more optimistic or hopeful. It means to be elevated emotionally or mentally.

3.Supported: Provided with assistance or backing. It involves offering help, resources, or reinforcement to someone or something.

1.Discouraged: Feeling disheartened or less confident due to setbacks or challenges. It means to have lost motivation or enthusiasm.

5.Answer C

Solution •Curtailing: Reducing or limiting something in extent or duration. Curtailing involves cutting back or restricting activities or resources.

Reducing: The act of making something smaller or less in quantity or size. It involves lowering or decreasing an amount.

Increasing: The act of making something larger or greater. It involves growing or raising the level or quantity of something.

Expanding: The process of becoming larger or more extensive. It involves broadening or growing in scope or size.

Extending: The act of stretching out or prolonging something. It involves making something longer in time, space, or scope.

6.Answer B

Solution Subservient: Showing excessive willingness to serve or obey others; being subordinate or inferior in status or position. It implies a lack of independence or autonomy.

1.Submissive: Willing to yield or submit to the authority or control of others. It implies a passive or compliant attitude.

2.Obedient: Complying with orders, requests, or instructions. It refers to following commands or rules diligently.

3.Subordinate: In a lower position or rank in relation to others. It refers to someone or something that is less important or lower in status.

1.Dominant: Having control or authority over others. It refers to being the most influential or powerful in a situation or group.

7.Answer C

Solution Alienation: The feeling of being isolated or estranged from others or from a group. It can also refer to the process of making someone feel disconnected or unaccepted.

1.Estrangement: The state of being alienated or separated from others. It involves a loss of emotional connection or closeness.

2.Isolation: The state of being separated or isolated from others. It refers to being alone or cut off from social interactions or support.

3.Detachment: The state of being emotionally or physically separated from something or someone. It implies a lack of involvement or connection.

1.Inclusion: The practice of involving or incorporating everyone, regardless of differences. It means ensuring that all individuals are part of a group or activity.

8.Answer 4

Solution Chorus: A group of singers performing together, or the part of a song that is repeated after each verse. It can also refer to a collective response or reaction from a group of people.

Dissonance: A lack of harmony or clash of elements, often resulting in an unpleasant effect. In music, it refers to a lack of harmony between notes.

Unison: The simultaneous occurrence of the same action or sound. It means doing something together in synchronization.

Harmony: The quality of forming a pleasing and consistent whole. It refers to balance and agreement in musical, social, or conceptual contexts.

Agreement: A mutual understanding or arrangement between parties. It involves consent or concurrence on terms or conditions.

9.Answer A

Solution •**Exploited:** Used unfairly or selfishly for personal gain or advantage. It can refer to taking advantage of someone's vulnerability or using resources in a way that benefits oneself at the expense of others.

Utilized: Used effectively or efficiently for a particular purpose. It involves making practical use of something.

Supported: Given assistance or encouragement. It means providing help or backing to someone or something.

Protected: Kept safe from harm or danger. It involves shielding or guarding someone or something from threats or risks.

Aided: Assisted or helped in achieving something. It means providing support or assistance in a task or situation.

10. Answer A

Solution 1.**Recurrence:** The repetition or reappearance of something, such as an event, condition, or situation. It refers to something that happens again after a period of absence.

1.**Reappearance:** The act of coming back into view or being seen again. It refers to something or someone appearing once more after being absent.

2.**Repetition:** The act of repeating or doing something again. It involves recurring instances of the same action or event.

3.**Return:** The act of coming back to a previous place, condition, or position. It also means giving back something that was previously given or sent.

1.**Termination:** The act of bringing something to a conclusion or stopping it. It involves ending something, such as a contract or employment.
