

PARAJUMBLES

Set-1

Directions (1-5): In the following questions, a set of sentences is given and are jumbled. You are required to rearrange the given sentences properly to form a meaningful paragraph. Answer the following questions based on the rearranged sequence.

P. While the country faces several challenges in adopting cleaner vehicles, progress is accelerating.

Q. Electric vehicles (EVs) have become a common sight on roads worldwide — but that’s not yet the case in Saudi Arabia.

R. In January 2024, EVIQ launched its first fast-charging station in Riyadh, the capital. The company aims to deploy 5,000 fast chargers across 1,000 locations by 2030.

S. According to PricewaterhouseCoopers’ (PwC) eMobility Outlook 2024, EVs make up just over 1% of total car sales in the kingdom.

T. Leading this shift is the Electric Vehicle Infrastructure Company (EVIQ), established in late 2023 as a joint venture between the Public Investment Fund (PIF) and Saudi Electricity Company.

Question 1:

Which of the following options is the **SECOND** statement, after the correct rearrangement?

(a) P

(b) S

(c) R

(d) Q

(e) T

Question 2:

Which of the following options is the **FOURTH** statement, after the correct rearrangement?

(a) Q

(b) T

(c) P

(d) R

(e) S

Question 3:

Which of the following options is the **FIRST** statement, after the correct rearrangement?

(a) T

(b) P

(c) R

(d) S

(e) Q

Question 4:

Which of the following options is the **FIFTH (LAST)** statement, after the correct rearrangement?

(a) P

(b) S

(c) R

(d) T

(e) Q

Question 5:

Which of the following options is the **THIRD** statement, after the correct rearrangement?

(a) S

(b) P

(c) T

(d) R

(e) Q

Set-2

Directions (6-10): In the following questions, a set of sentences is given and are jumbled. You are required to rearrange the given sentences properly to form a meaningful paragraph. Answer the following questions based on the rearranged sequence.

P. They note that American political parties are subject not only to regulations from the Federal Election Commission, but also to state-level laws—particularly those that govern ballot access for new parties.

Q. Elon Musk has founded multiple successful companies that have achieved remarkable technological breakthroughs.

R. Although Musk is currently the wealthiest person on Earth, experts in campaign finance and political science caution that he may still face significant financial and legal hurdles.

S. Expressing his frustration with President Donald Trump and a costly domestic policy bill, Musk declared that he would establish the “America Party” the day after the “Big, Beautiful Bill” is passed—provided Congress approves it.

T. However, his latest ambition may prove far more challenging: launching a new American political party aimed at appealing to the general public.

Question 6:

Which of the following options is the **SECOND** statement, after the correct rearrangement?

(a) P

(b) S

(c) R

(d) Q

(e) T

Question 7:

Which of the following options is the **FOURTH** statement, after the correct rearrangement?

(a) Q

(b) T

(c) P

(d) R

(e) S

Question 8:

Which of the following options is the **FIRST** statement, after the correct rearrangement?

(a) T

(b) P

(c) R

(d) S

(e) Q

Question 9:

Which of the following options is the **FIFTH (LAST)** statement, after the correct rearrangement?

(a) P

(b) S

(c) R

(d) T

(e) Q

Question 10:

Which of the following options is the **THIRD** statement, after the correct rearrangement?

(a) S

(b) P

(c) T

(d) R

(e) Q

Set-3

Directions (11-15): In the following questions, a set of sentences is given and are jumbled. You are required to rearrange the given sentences properly to form a meaningful paragraph. Answer the following questions based on the rearranged sequence.

P. The satellite named MethaneSat, supported by Google and billionaire Jeff Bezos, was launched just last year aboard a SpaceX rocket operated by Elon Musk.

Q. However, much of the current methane monitoring is carried out by privately operated satellites, limiting public access to data and reducing transparency about which entities are the biggest polluters.

R. An \$88 million (£65 million) satellite designed to track methane emissions from oil and gas operations has been lost in space, marking a significant setback for global climate initiatives.

S. The satellite was intended to monitor methane—a potent greenhouse gas responsible for nearly one-third of human-driven global warming—for five years, aiming to identify major sources and aid in reducing emissions.

T. Methane is primarily released through oil and gas production, agriculture, and the decomposition of food waste in landfills.

Question 11:

Which of the following options is the **SECOND** statement, after the correct rearrangement?

- (a) P
- (b) S
- (c) R
- (d) Q
- (e) T

Question 12:

Which of the following options is the **FOURTH** statement, after the correct rearrangement?

(a) Q

(b) T

(c) P

(d) R

(e) S

Question 13:

Which of the following options is the **FIRST** statement, after the correct rearrangement?

(a) T

(b) P

(c) R

(d) S

(e) Q

Question 14:

Which of the following options is the **FIFTH (LAST)** statement, after the correct rearrangement?

(a) P

(b) S

(c) R

(d) T

(e) Q

Question 15:

Which of the following options is the **THIRD** statement, after the correct rearrangement?

(a) S

(b) P

(c) T

(d) R

(e) Q

Set-4

Directions (16-20): In the following questions, a set of sentences is given and are jumbled. You are required to rearrange the given sentences properly to form a meaningful paragraph. Answer the following questions based on the rearranged sequence.

P. Some of these newer members face a July 9 deadline to negotiate U.S. tariffs set to be imposed by President Donald Trump, while all are grappling with the global economic instability caused by his overhaul of American trade policies—placing added pressure on the bloc to project unity.

Q. By skipping the summit, Xi forgoes a crucial opportunity to position China as a stable and reliable counterbalance to U.S. global leadership.

R. For the first time in over a decade, Chinese President Xi Jinping, who has championed BRICS as part of his broader effort to reshape the global power structure, will not attend the annual leaders' summit.

S. A summit of BRICS leaders—representing major emerging economies—begins Sunday in Brazil, but notably without the top leader of its most influential member.

T. His absence from the two-day meeting in Rio de Janeiro comes at a pivotal moment for BRICS, which originally included Brazil, Russia, India, China, and South Africa. Since 2024, the group has expanded to include Egypt, the United Arab Emirates, Ethiopia, Indonesia, and Iran.

Question 16:

Which of the following options is the **SECOND** statement, after the correct rearrangement?

(a) P

(b) S

(c) R

(d) Q

(e) T

Question 17:

Which of the following options is the **FOURTH** statement, after the correct rearrangement?

- (a) Q
- (b) T
- (c) P
- (d) R
- (e) S

Question 18:

Which of the following options is the **FIRST** statement, after the correct rearrangement?

(a) T

(b) P

(c) R

(d) S

(e) Q

Question 19:

Which of the following options is the **FIFTH (LAST)** statement, after the correct rearrangement?

(a) P

(b) S

(c) R

(d) T

(e) Q

Question 20:

Which of the following options is the **THIRD** statement, after the correct rearrangement?

- (a) S
- (b) P
- (c) T
- (d) R
- (e) Q

Set-5

Directions (21-25): In the following questions, a set of sentences is given and are jumbled. You are required to rearrange the given sentences properly to form a meaningful paragraph. Answer the following questions based on the rearranged sequence.

P. At 3:55 p.m. ET on Thursday, the planet reached aphelion—the point in its orbit when it is farthest from the sun, about 3 million miles more distant than during its closest approach.

Q. The true cause of the seasons is Earth's axial tilt, which determines how sunlight is distributed across the planet throughout the year.

R. It's a common misconception. Many people assume that temperature changes are driven by Earth's distance from the sun. In reality, that distance plays a minimal role.

S. This phenomenon occurs annually in early July, which can seem counterintuitive. If Earth is farther from the sun, shouldn't it be cooler?

T. As summer peaks in the Northern Hemisphere, it may come as a surprise that Earth is currently at its farthest point from the sun.

Question 21:

Which of the following options is the **SECOND** statement, after the correct rearrangement?

(a) P

(b) S

(c) R

(d) Q

(e) T

Question 22:

Which of the following options is the **FOURTH** statement, after the correct rearrangement?

(a) Q

(b) T

(c) P

(d) R

(e) S

Question 23:

Which of the following options is the **FIRST** statement, after the correct rearrangement?

(a) T

(b) P

(c) R

(d) S

(e) Q

Question 24:

Which of the following options is the **FIFTH (LAST)** statement, after the correct rearrangement?

(a) P

(b) S

(c) R

(d) T

(e) Q

Question 25:

Which of the following options is the **THIRD** statement, after the correct rearrangement?

(a) S

(b) P

(c) T

(d) R

(e) Q

Set 6

Directions: In the following questions, a set of sentences is given and are jumbled. You are required to rearrange the given sentences properly to form a meaningful paragraph. And answer the following questions based on the rearranged sequence.

P. The trial is taking place at the Royal Liverpool University Hospital.

Q. A clinical trial for a new treatment targeting Visceral Leishmaniasis—one of the world’s deadliest parasitic diseases—is currently being conducted in Liverpool.

R. The disease causes flu-like symptoms, including fever, fatigue, and weight loss, and is nearly always fatal if left untreated—despite having received limited scientific attention in recent years.

S. The research highlights that Visceral Leishmaniasis, a neglected tropical disease, is widespread in regions of Asia, East Africa, and Brazil. It is transmitted by the bites of infected sand flies.

T. This trial is a collaborative effort between the University Hospitals of Liverpool Group (UHLG), the University of Liverpool, and the Drugs for Neglected Diseases initiative (DNDi), a non-profit organization focused on medical research.

Question :

Which of the following options is the **Fifth (Last)** statement, after the correct rearrangement?

(a) P

(b) S

(c) R

(d) Q

(e) T

Question :

Which of the following options is the **Third** statement, after the correct rearrangement?

(a) Q

(b) T

(c) P

(d) R

(e) S

Question :

Which of the following options is the **First** statement, after the correct rearrangement?

(a) T

(b) P

(c) R

(d) S

(e) Q

Question :

Which of the following options is the **Fourth** statement, after the correct rearrangement?

(a) S

(b) P

(c) R

(d) T

(e) Q

Question:

Which of the following options is the **Second** statement, after the correct rearrangement?

(a) S

(b) P

(c) T

(d) R

(e) Q

Set-7

Directions: In the following questions, a set of sentences is given and are jumbled. You are required to rearrange the given sentences in a proper manner to form a meaningful paragraph. And answer the following questions based on the rearranged sequence.

P. These numbers come as Newsom continues to criticize President Donald Trump's tariffs and express concerns about the state's economic future.

Q. Governor Gavin Newsom highlighted new data from the International Monetary Fund (IMF) and the U.S. Bureau of Economic Analysis showcasing California's economic growth.

R. The state is also a global hub for technological innovation, the heart of the world's entertainment industry, and home to the country's two busiest seaports.

S. He emphasized that California holds the largest share of both manufacturing and agricultural output in the United States.

T. The figures reveal that in 2024, California's gross domestic product (GDP) reached \$4.10 trillion (£3.08 trillion), surpassing Japan's \$4.01 trillion. This places California as the world's fourth-largest economy, behind only Germany, China, and the United States as a whole.

Question :

Which of the following options is the **SECOND** statement, after the correct rearrangement?

(a) P

(b) S

(c) R

(d) Q

(e) T

Question :

Which of the following options is the **FOURTH** statement, after the correct rearrangement?

(a) Q

(b) T

(c) P

(d) R

(e) S

Question 3:

Which of the following options is the **FIRST** statement, after the correct rearrangement?

(a) T

(b) P

(c) R

(d) S

(e) Q

Question 4:

Which of the following options is the **FIFTH (LAST)** statement, after the correct rearrangement?

(a) P

(b) S

(c) R

(d) T

(e) Q

Question 5:

Which of the following options is the **THIRD** statement, after the correct rearrangement?

(a) S

(b) P

(c) T

(d) R

(e) Q
